

## Destiny House

The containers have all been delivered, and the first steps has been erected. These will become staff quarters, cold storage and accommodation as needed. Work is steadily progressing towards a well-oiled kibbutz. Keep us in your prayers!

## Aquaponics

The Aquaponics Project is taking shape slowly but surely! Digging of ditches where the seedlings will be floating on inside the tunnels are under way. The building of the tunnels has started. As soon as all of these are in place the fish will be introduced. And then the seedlings will be planted!

The guys on the farm are doing a splendid job!  
Please keep on praying for them.

## **Schools**

### **Youth Walking in Victory**

This is Gideon, a Grade 11 student at Birchleigh High School. He attended a Youth Walking in Victory weekend Camp three years ago. This young man is now ready to get involved as a facilitator at the camps. What a great young man, standing for Jesus, accompanying myself and Miguel Mpochela as we advertise our next camp. Please pray for God to touch the lives of these young people.

## **SAPS**

On Saturday 6 July the Police and Pastors committed to the "Divine Intervention Project" got together in Long Street. Five churches in Long Street took responsibility for a section. They will visit the apartment buildings and start a "clean-up" operation. Brigadier Maredi accompanied us. The aim is to have the churches take responsibility for the spiritual atmosphere in the street and the city of Kempton Park.

We have received 1000 Bibles! Complete with Bible study and reading plan. 500 Will be distributed to all staff at Kempton Park Police station and pastors at Inner City Ministry. The remaining 500 will be handed to the pastors of the five churches involved in the transformation of Long Street to be handed out to residents as they conduct "operation clean-up".

Please keep on praying for this initiative and watch this space!

## **Prison Ministry**

Here you see Evert Grobler and Mark Blair being blessed for work inside Modderbee Prison at our recent service at Destiny House Chapel. They are volunteers who will be registered under LLCP for work alongside Maranatha Church. They will be among those presenting an 8-week pre-release course to prospective candidates up for release on parole. Following successful application, some of these parolees will become part of the program at Destiny House.

God is good!
