

## Destiny House

### Aquaponics

We recently had a grader on the farm! We are looking ahead widening roads planning for large trucks to enter the property to collect crops sold to them. The land was levelled at the back end of the property getting ready for the aquaponic tunnels to be put up next week. First, we will build the dams for the fish.

Progress: The land is level and the process are under way. All the equipment has been delivered. Watch this spot!

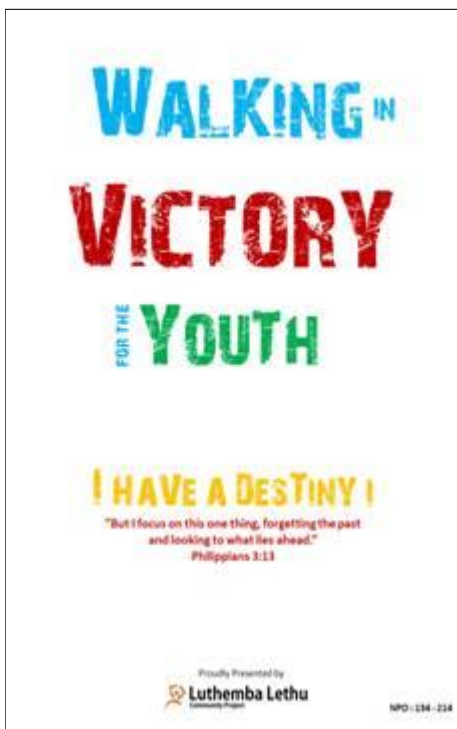

The containers have all been delivered, and the first steps has been erected. These will become staff quarters, cold storage and accommodation as needed.

We are so excited! God is just AMAZING!

## **Schools Youth Walking in Victory**

We had a productive meeting together with teachers from the different schools and camp facilitators. Points for discussion was; who is available to take which sessions, how we can better our weekend camp program, how to better advertise the camps at schools, how can we better the follow-up program after camps at schools and which dates would be ideal for camps next year.

We had to postpone the Girls camp from 14 to 16 June to the weekend of 16 to 18 August due to the exams.

Remaining camps for this year:

August 2 to 4 – Boys

August 16 to 18 - Girls

September 20 to 23 – Boys & Girls Combined Reunion Holiday Camp.

Advertising for these camps will start soon!

## **Introducing .....**

Sthembiso Thokwane.

He is a teacher at Sir Pierre van Ryneveld High School. He has recently joined the LLC Management Committee representing the high schools of Kempton Park. He will assist in the organizing of the boy's camps. We welcome him to the team! Here in his own words:

"Luthemba Lethu (Our Hope) is indeed an organization filled with hope and God's grace. I started this journey when I was asked to accompany a group of students on the four-day Youth Walking in Victory camp. The assignment at that time was just duty, I was supposed to serve. After attending the camp, God spoke to me to take charge and serve as a facilitator in the YWIV program. I learned how to communicate the word of God and teach His children about His love and mercy. This did not only help the learners, but it helped me grow spiritually. The three years that I have served has been nothing but a blessing to me and my students. Today I am a living testimony of this program and how God's ways work. I pride myself and will always serve in the best interest of this life changing initiative."

## **SAPS Police and Pastors Forum**

Police and Pastors committed to the "Divine Intervention Project" seen here declaring that Kempton Park belongs to God. They have taken up the challenge! Praying in the streets of our city. What an amazing time we had!

This is the first time I see government officials openly backed by spirit filled prayer in public!  
We serve an awesome Father!

This coming Saturday we will be getting together in Long Street. Each church in Long Street will take responsibility for a section. They will visit the apartment buildings and start a "clean-up" operation. Brigadier Maredi will accompany us as SAPS and churches will be briefed on how to make Long Street a model street in Kempton Park. The aim is to have them take responsibility for the spiritual atmosphere in the street and city.

### **Prayer Walks**

Lisa and the Gap Year Team does a prayer walk every Tuesday from 11:00 to 13:00. We leave at 11:00 sharp from the prayer room at the police station 17 Monument Rd, Kempton Park.

All welcome!  
Please come join us!

We have our next Service & Fellowship on Sunday 21<sup>st</sup> of July. Hope to see you there!
