Christ-Centered Recovery Program
26 to 27 October 2019

Purpose of the course:

God has not designed us to live our lives in defeat, always succumbing to our weaknesses or un-forgiveness. The purpose of this course is to help you break free from life's hurts, hang-ups, and habits. You will no longer have to rely on dysfunctional, compulsive or addictive behaviors as a temporary “fix” for pain.

The weekend will give you an opportunity to learn, share in small groups and experience the presence of God. By applying the principles found in this course you will change. You will restore and develop stronger relationships with others and with God.
