

Luthemba Lethu Community Project

We are deeply grateful for your faithful support and belief in the vision of LLCP. Your generosity is not just a donation — it is a direct investment into the lives of young people who need guidance, structure, and hope.

Through your partnership, we are able to run impactful camps, mentor learners, and bring real transformation into schools and communities. This newsletter gives you a glimpse into the lives being changed and the progress being made because of your support.

Together, we are not just funding programmes — we are shaping futures and raising the next generation of leaders. Thank you for standing with us and making this work possible.

Impactful search and hotspot praying combine

Our Easter service with the police was a truly impactful moment, as we were once again given the opportunity to serve them communion and minister the Gospel. It is incredible to see how our influence continues to grow, with Acting Colonel Lesomo opening more doors for us to make a deeper and lasting impact.

We have now also been invited to be part of operations in crime-affected areas, where we will lead in prayer and take spiritual authority over these hotspot regions. This is a powerful step forward in bringing hope and transformation into our communities.

We are truly grateful to experience ongoing favour within the station and look forward to continuing this meaningful partnership.

Our police youth desk to be involve in the schools

We are excited to see continued growth in our work, with the Norkem Park Police Youth Desk now joining us in this mission. This partnership marks a significant step forward as we expand our reach and impact among young people.

Major planning is currently underway for the upcoming July school holiday, where we will be hosting disciplinary camps called “A New Way Forward.” As schools reopen in April, our teams will be visiting high schools across Kempton Park to identify and invite learners who will benefit from this intervention.

This collaboration with the Police Youth Desk, together with the support of the Department of Education, presents a powerful opportunity to minister the Gospel and bring real transformation to learners facing challenges. We believe this is a crucial moment to guide them toward discipline, purpose, and freedom.

We ask for continued prayer as God stretches us in this season. We are actively preparing and equipping our teams, channeling their energy and focus so that the power of God can be released to bring healing, breakthrough, and lasting change in the lives of these young people.
