

About Us

LUTHEMBA LETHU COMMUNITY PROJECT

LLCP is a registered Nonprofit Organization (134-214). Further, it is also registered by the Tax-Exempt Unit of SARS as a Public Benefit Organization and has been approved for purposes of section 18A. It is run by a group of volunteers that is formed in a board that meets regular to be accountable to the members. "Luthemba Lethu" meaning "Our Hope" is a nonprofit organization started from a place of need.

Let's talk about LLCP

Website: www.llcp.co.za

Mission

Mentoring young people in primary & high schools, through fulltime life coaches. Hosting many weekend camps to free people from life's hang-ups, hurts and habits. Reducing crime in our inner city through community involvement with the police.

The Challenge

At LLCP, we are passionate about empowering the next generation of leaders through faith, confidence, and character development. Our programs focus on building emotionally secure, spiritually grounded, and socially responsible students who can positively impact their schools and communities.

Through engaging camps, workshops, and mentorship, we provide young people with opportunities to grow in leadership, teamwork, and personal resilience. At LLCP, every learner is valued, supported, and equipped to discover their full potential while having fun, making lasting friendships, and creating meaningful experiences.

Schools Involment

We are proud to be actively working with 5 high schools and 3 primary school in Kempton Park, supporting learners through leadership, study, disciplinary, and "Walking in Victory" programs. But we're not stopping there! We are building strong, ongoing relationships with more schools, ready to bring these life-changing programs to even more young people.

Our Life Coaches

At LLCP, our life coaches are more than mentors — they are guides, motivators, and role models for young people. They walk alongside learners, helping them discover their strengths, make positive choices, and reach their full potential. Through encouragement, personal guidance, and practical support, our life coaches empower every child to build confidence, overcome challenges, and step boldly into their purpose.

Our programs

- Leadership Camps – Developing confident, responsible, and servant-hearted young leaders who influence their schools and communities with integrity.
- Study Camps – Strengthening academic focus, effective study habits, self-discipline, and exam readiness to help learners reach their full potential.
- Walking in Victory Camps – Empowering young people to overcome life's challenges, discover their identity and purpose, and build resilience.
- Character Development Camps – Building self-discipline, accountability, respect, and positive life choices.
- Sports Leadership Camps – Developing teamwork, discipline, leadership, resilience, and good sportsmanship through sport.

Kempton Park Police Station

Prayer Initiatives

we believe in the power of prayer to bring hope and transformation to our community.

That's why we have a prayer room fully dedicated to prayer at the Kempton Park Police Station, where pastors and local churches come together to lift up our community in faith. A passionate group called Kempton for Jesus helps run the room, and our work also includes hotspot praying in and around Kempton Park, with police officers joining in to pray for safety, guidance, and protection. Together, we are building a stronger, safer, and more united community through prayer.

Police Youth Desk

A dedicated team of young adults serve full- and part-time, mentoring learners in schools, assisting with our camps, and guiding youth to build confidence, positive habits, and reach their full potential.
