

A MONTH OF HOPE Another month has come and gone, and we are grateful for every opportunity to walk alongside young people and make a difference in their lives. Through our schools, Life Coaches, camps and community work, we continue to see doors open and lives being encouraged.

Behind every young person we reach is a story, a journey and a future filled with possibilities. Thank you for standing with LLCP and helping us be there for them. Your prayers, support and involvement help us continue bringing hope where it is needed most. Together, we are making a difference — one life, one family and one community at a time. Building Hope. Restoring Lives. Transforming Communities.

♥ WALKING IN VICTORY CAMP

This month, our Life Coach Neo hosted a powerful Walking in Victory Camp for learners from Sir Pierre van Ryneveld High School and Norkem Park High School. The camp focused on helping high school learners deal with their hurts, habits and hang-ups, while discovering through the Word of God that their past does not have to define their future and that God has a great plan and purpose for each of their lives.

It was a weekend filled with fun, team-building challenges, bonding, connection and meaningful conversations. Most importantly, the learners were reminded that Jesus loves them, that they are valuable and that there is hope for their future.

Another weekend of planting seeds of faith, hope and victory into the next generation.

NEW DOORS ARE OPENING AT EASTC

This month, we had a significant meeting with the **EASTC Technical Trade College Board and local pastors** as we planned our first community march and prepared for a follow-up march on **2 October**. We are believing for a positive change in the area — bringing hope, prayer and the message of Christ back into the college and surrounding community, while also taking practical steps to help clean up and restore the area. We challenged the college to put up a **large cross in their parking area** as a visible reminder of what they stand for. We also shared slogans that communicate not only what we stand against, but **what we stand for — faith, hope, purpose, restoration and a better future**.

But perhaps the most exciting development is the story of a **former inmate who studied at EASTC, encountered Christ and turned his life around**. He has now been appointed to assist the youth, and LLCP is training him to become a **Life Coach**, giving him an opportunity to use his own journey to encourage others. **God continues to open new doors, and we are excited to see where He leads next!**

TAKING BACK OUR STREETS

On 19 September, LLCP joined **EASTC Technical Trade College, community pastors and school representatives** for a powerful march through the **Kempton Park CBD**, standing together in faith and prayer as we claimed our streets for hope, peace and light. We prayed over the streets, businesses, families and young people of our community, believing that change begins when people are willing to stand together. We are stepping into the cracks — going where there is brokenness, bringing hope where it is needed and believing that light will overcome darkness.

This was more than just a march; it was a visible declaration that our community matters and that we will not simply stand by and watch our streets lose hope. By bringing schools, churches and community leaders together, we are building partnerships that can make a lasting difference. We believe that when we stand together, pray together and serve together, we can help rewrite the story of our community.

PREPARING THE NEXT GENERATION

Our Life Coach **Lonwabo** recently brought young people from **Assemblies of God Church to Destiny Campsite**, where they continued their training and preparation to become facilitators for future LLCP camps. It was a great time of connection, encouragement and learning as they built relationships with one another and shared in the Word of God.

The training is about more than simply learning how to facilitate a camp — it is about equipping young people to encourage, guide and build others up. Through these sessions, they are growing in confidence, character and leadership while preparing to serve others effectively at future camps.

We are investing in young people today so they can help build hope in the lives of others tomorrow.

SEE GOD'S FAITHFULNESS

We prayed and asked God to provide the **building materials** we needed to expand Destiny Campsite — and God answered in a way we could never have planned. **Literally next door!** Our neighbour sold their property, and as the new owners so more and more damage to their property, we asked if we could make use of some of the building materials and structures. They generously donated everything to LLCP.

The materials are exactly what we need to put a **large roof over the container structure** and to add another **dormitory at the main house**, helping us increase our sleeping capacity from **50 to 80 people**.

Now comes the hard work of dismantling, moving and rebuilding, but every piece we carry across the property is a reminder of God's provision. **One step closer to creating more space, reaching more young people and seeing Destiny Campsite grow. God is faithful!** 🙏

“See what great things the Lord has done!”
