

Luthemba Lethu Community Project

HOPE IN ACTION: Every new day brings an opportunity to change a life, inspire a young person, and help build a stronger community. At LLCP, we are committed to walking alongside learners as they face life's challenges, discover their potential, and make choices that can shape a brighter future.

Through our Life Coaches, school programmes, camps, and community partnerships, we are investing in more than the present — we are helping lay the foundation for tomorrow's leaders. Every conversation, every lesson, and every opportunity to guide a young person forward is part of a greater purpose.

None of this would be possible without the people who believe in our vision. Your generosity, prayers, and continued involvement enable us to reach more learners and extend our impact into the communities that need it most. Together, we are creating opportunities for change and building a future where young people can live with purpose, confidence, and hope.

Building Hope. Restoring Lives. Transforming Communities.

🎓 A MILESTONE WORTH CELEBRATING!

LLCP recently celebrated a special evening of achievement as we honoured our Life Coaches for successfully completing their Life Coach training. It was a beautiful occasion filled with pride, gratitude, and excitement for the future.

A heartfelt congratulations to **Henry, Lonwabo, Neo, Christiaan, and Mak** on completing their Life Coach training and becoming fully qualified Life Coaches! We are incredibly proud of their dedication and commitment to developing the skills needed to make a meaningful difference in the lives of young people.

Although **Christiaan and Mak** were unable to attend the graduation ceremony, we proudly celebrate their achievements alongside their fellow graduates.

Pictured above are **Henry, Lonwabo, and Neo with Pastor André** at the graduation ceremony.

We look forward to seeing all five graduates use their knowledge, passion, and skills to guide learners, build confidence, and help shape brighter futures in the communities we serve. Congratulations to each of you on this important milestone!

LLCP'S FIRST-EVER SPORTS CAMP!

What an incredible milestone for **LLCP**! We proudly hosted our first-ever Sports Camp, led by our dedicated **Life Coach, Lonwabo**, in partnership with **Laerskool Kempton Park**.

The camp was a wonderful opportunity for learners to develop teamwork, discipline, leadership, and sportsmanship while building friendships and creating lasting memories. Through fun physical activities and meaningful interactions, learners were encouraged to discover their potential, support one another, and understand the value of working together towards a common goal.

We are grateful to Lonwabo and Laerskool Kempton Park for making this initiative possible. We look forward to seeing how sport can continue to open doors, build character, and inspire the next generation of leaders!

🏆 BUILDING GODLY LEADERS THROUGH SPORT

Through our partnership with **TREE (Transforming Educational Environment)**, an organisation based in Pretoria that works with more than 180 schools, LLCP has been given a wonderful opportunity to extend its reach and make a meaningful difference in the lives of learners.

Through this partnership, we welcomed a group of **Christian sportsmen and women from America who visited South Africa with a heart to use sport as a tool to share the love of Christ and minister to young people**. Together, we visited **Aston Manor Primary School**, where our Life Coach Mak serves, and **Laerskool Kempton Park**, where our Life Coach Lonwabo serves.

The visits focused on using sport not only to develop physical skills but also to build character, discipline, teamwork and leadership. By combining the values of sport with biblical principles, the learners were encouraged to embrace godly leadership, integrity, honesty, respect and accountability, both on and off the sports field.

We are grateful to TREE for this valuable partnership, which continues to open doors for LLCP to reach more schools, build meaningful relationships and introduce new opportunities to minister to the next generation. This is another example of how working together with like-minded organisations and Christian leaders enables us to share the love of Christ, inspire young people and equip them to become responsible leaders who make a positive difference in their schools and communities.

🔗 DISCIPLINE, PURPOSE & A NEW WAY FORWARD

LLCP recently hosted another disciplinary camp, organised by our dedicated **Life Coach, Neo**. Although only five boys attended, this created a valuable opportunity to spend individual time with each learner, build meaningful relationships, and share the life-changing message of God's love for them.

One particularly encouraging highlight was Mario's personal encounter and the impact it had on his life. His mother later personally approached Mr Chauke to share the remarkable changes she had noticed in her son following the camp. Hearing how the experience had positively influenced Mario was a powerful reminder that even a small intervention can make a meaningful difference in a young person's life.

This positive feedback inspired the team to take the next step. Last Saturday, parents were contacted and invited to attend an information meeting about our **"The New Way Forward"** camp, with the aim of planning a larger camp for early next year. We are excited about the possibility of reaching more young people and working alongside their families to support lasting change.

✚ RECLAIMING OUR STREETS FOR CHRIST — LET HIS LIGHT SHINE!

LLCP proudly participated in our **second united outreach with EASTC Technical School**, standing together in faith to reclaim the streets of Kempton Park for Jesus Christ. This initiative is about more than a public demonstration of faith; it is a commitment to bringing light, hope, and positive change to our inner city. Following the unveiling of the cross on top of the police station, I challenged the technical school and the new private school next door to consider installing an illuminated cross on their premises as a visible declaration of their faith and their desire to see God's light shine throughout our community. Both schools welcomed the idea, and we look forward to seeing another cross become a beacon of hope in Kempton Park. As Jesus reminds us in John 12:32, when He is lifted up, He will draw people to Himself.

This vision has also opened doors for broader collaboration between the churches, community, and police. In response to the serious challenges facing our communities, including the recent murders of women, I had the privilege of attending police meetings with senior police generals and the Minister of Police, where I could represent the concerns and hopes of the church and the wider community. During these discussions, I proposed that the police adopt the initiative we have begun with EASTC Technical School and work towards extending it across Kempton Park. **Even if we begin small, we can build a model that brings people together and inspires positive change throughout the city.** We are grateful that the proposal was approved for adoption by the police, opening the door to further cooperation and a wider impact.

At LLCP, we believe that lasting transformation happens when faith is put into action and communities stand together for a common purpose. We will continue praying, building partnerships, and taking practical steps to bring hope where it is needed most. **The darkness will not have the final word — God's light continues to shine, and together we can help it reach every corner of our city.**

"And I, when I am lifted up from the earth, will draw all people to myself." — John 12:32
